Getting data onto Ilifu			

History

#1 - 04/25/2019 04:45 PM - Gerrit Botha

I've requested to setup a POSIX group for this project (cbio-002) on Ilifu.

Jon for now you can move the data directly to your private scratch space (/ceph/cbio/users/jambler). I will notify when the group has been sorted out. You can then move things to /ceph/cbio/projects/002 where both you and Thys can access the data.

#2 - 04/26/2019 10:52 AM - Gerrit Botha

Ok the private folder is there on Ilifu now.

#3 - 04/29/2019 09:44 AM - Jon Ambler
